Recap: August Advocacy Program with Nell Corbett

Do You Need an Advocate?

On August 11, we enjoyed an informative Zoom presentation by Nell Corbett, RN about the advantages of having a health advocate. Ms. Corbett is the founder and president of Compassionate Care Advocacy. She explained to us what an advocate does and how employing an advocate can be so helpful in stressful times with health issues, not only for the person directly affected, but also for the family. If you missed this presentation live, you can find it posted on our website at harlestonneighbor2neighbor.com.
